*"Building Strong Foundations for Life"*

The Foundations Teaching School Alliance is a multiple alliance with three lead teaching schools, Bushy Leaze (Alton), Haven (Gosport) and Lanterns (Winchester). These are all Local Authority Maintained Nurseries/Early Years Centres, providing inclusive early education for mainstream children and those with SEND.

It is our shared belief that high quality learning experiences in the early years are crucial for children's future educational outcomes and life chances. This belief underpins our vision to 'build strong foundations for life' by providing a range of professional development opportunities designed to instil passion and enthusiasm in early years practitioners and leaders, based on sound pedagogical knowledge.
